Solar Wind
 5/023/0061

Jeremy:

Since Mr. Holfert already had an approved Plan of Operation in place, only the financial guarantee was in need of update; if you have brought the bond up to the required amount, you are alright to begin your operations.

RECEIVED E-Mail

OCT 13 2011

Div. of Oil, Gas & Mining

Jerry,

I left you a voicemail (10/11/2011) about us updating our bonding (adding additional funds) as instructed with the Division of Oil and Gas. We (John Holfert and I) met with Wayne Western and filed all the proper paper work yesterday. He said we may need to fax you the forms we had filled out and notarized and possibly a copy of the check we delivered. We are planning on beginning mining operations soon at our (SOLAR WIND) mine in the Thomas Range, Juab Co. Utah. So what I was told is you need to sign off on the project and see that our bonding is now up to date.

Please let me know if you need information from me, I would be happy to provide it.

Thank you for your time,
 Jeremy
